## TUESDAY TIDBITS

Greetings!

Welcome to Tuesday Tidbits from your team at Artistic Designs Group!

If you are new to Tuesday Tidbits, we use this forum to share new art work, products and some of the "going on's" from the artists on our team. Sometimes we will share new collections hot off the press. Sometimes we will share new products just released onto the market. Sometimes, who knows???

This week's featured artist is MEGAN DUNAGAN. For those of you that have worked with

Megan, you know how talented she is and how easy and pleasant she is to work with. Did you know that she considers herself to be a self-taught artist? With schooling in photography, she spent 10 years as a professional textile designer. Megan grew up in Southern California and now lives on the Space Coast of Florida with her aerospace engineer and their cat named Kitty.

She specializes in what she calls feminine and moody art work. While her art work is applicable to many markets her favorites are greeting cards, home decor and gifts. Join us as we share just a bit of her very large and varied portfolio.

**FUN FACTS ABOUT MEGAN:** On any given day, you'd find her practicing her downward-

facing dog, coming up with plant-based recipes that carnivores ask for seconds of, as well as getting sucked into a good mystery or historical fiction novel. She's newly discovered she has an indoor green thumb and enjoys adding new plants to her light-filled home.

If you would like to check out our other collections, or have a specific need we can help you with -- please visit our website at [www.artsdg.com](http://www.artsdg.com) (with new works being posted all the time) or drop us an email at [info@artsdg.com](mailto:info@artsdg.com).

We look forward to hearing back from you!
